- * Gran Turismo 4 uses a GT as its display car for the game. A heavily modified racing version appears both on the cover, in the FMV Intro, and in the game itself. Gran Turismo creator Kazunori Yamauchi owns a Ford GT. A story featuring the Ford GT, GT4 and Yamauchi appears on Edmunds.com's Inside Line.

- * An obvious clone of the GT appears in GTA: San Andreas, under the name "Bullet".

- * Forza Motorsport features the Ford GT as one of the cars purchasable in game and also the Ford GT-40 MK II.

- * Need for Speed: Most Wanted features two versions of the Ford GT, both as a stock car and the Castrol version.

- * Need for Speed: Carbon features a Ford GT that can be heavily modified and it is one of the fastest cars in the game.

- * Project Gotham Racing 2 features the Ford GT.

- * Project Gotham Racing 3 features the returning Ford GT as one of the cars purchasable in game.

- * Project Gotham Racing Mobile features the Ford GT.

- * Test Drive Unlimited features the Ford GT as one of the cars purchaseable in game.

- * Enthusia Professional Racing has a Ford GT available.

- * Sega GT 2002 Has a Ford GT Concept available for unlock and purchase. It is also featured on the cover.

- * In Ford Racing 3 was a 1971 GT70, 1995 GT90 and 2005 GT.

- * Driver 3 Like GTA, has clone of GT in the Miami level.

- * Tokyo Xtreme Racer 3 features the Ford GT.

- * Ford StreetRacing features 1995 Ford GT90 Concept and 2005 Ford GT as well as other Ford cars.

- * Forza Motorsport 2 features the Ford GT and Ford GT-40 MK II.

- * The Sims 2 a download from The Sims 2 official website

- * Asphalt Urban GT also features the Ford GT.

- * Midnight Club: Los Angeles features the Ford brand and the GT for the first time in the celebrated Midnight Club series
