This Ford GT with Lamborghini doors is absolutely amazing, everything about it I love! It's exactly how I would like my Ford GT if I owned one. It's stripeless and is black on black, exactly what I would want. I just wished he had tinted windows though, that would look pretty sweet. The owner of this car is from the Ford GT Forums, here's the mod list...

### Mod List

-----  
Ford Racing Headers  
Borla Exhaust  
Upswept Doors
